COST OF THE SYMPOSIUM

Regular Admission \$145
Group Of 5 \$700
Group Of 10 \$1250

WHAT THE TICKET INCLUDES

Lunch, and parking, all sessions and materials, and access to additional presentation resources

Stay after the last session to check out **Brain Matters**, a groundbreaking documentary on the critical nature of the early years of life.

Why is it that some children thrive while others do not? Is it a matter of genetics, IQ, socioeconomic background or education? Carlotia Nelson answers these questions in an enlightening globe-trotting journey about what makes children thrive.
