

**MILWAUKEE
PUBLIC SCHOOLS**

ELEMENTARY **MATH** EDUCATION PROJECT!

PROGRAM INFORMATION

Do you think learning math can be challenging? Are you looking for ways to engage in math education as a family? If so, this program is for you! Through a collaboration with the Wisconsin Afterschool Network and the Wisconsin Society of Science Teachers, MPS' Gifted and Talented Program is excited to introduce our **Elementary Math Education Project!** Join us for a series of family-based sessions on math education, featuring games, activities, lesson plans, and take-home kits designed by **Dr. Pinter and Dr. McLeod** from UW-Milwaukee!

This program is FREE and open to MPS families with children in grades K-5. Participating families will be encouraged to attend both program sessions and volunteers will be present to assist with childcare as needed.

Gabriella Pinter

*Professor
UW-Milwaukee*

Kevin McLeod

*Associate Professor
UW-Milwaukee*
